

Revisions for the June 2017 and September 2017 quarters

Due to a processing error involving crude oil, we have revised some data for the June and September 2017 quarters. The revisions are in the tables below.

These corrections will also be seen in *Overseas trade indexes (prices and volumes): December 2017 quarter (provisional)* to be published 1 March 2018 and *Gross domestic product: December 2017 quarter* to be published 15 March 2018. There will be little or no impact on the overall terms of trade or headline GDP.
